We invite you to get to know one of the prettiest countries of the world, and experience something you will never forget!

About us

We are a modern business located in the city of Maceió, Brazil.

What is different in our company?

We work directly from Brazil, but have local representatives in every country. The advantage of that is that we know Brazil, especially Maceió, very well.

Our mission is to teach our student the Portuguese language as fast and fluently as possible with an efficient method and comfortable surroundings. If students still have some difficulties with learning the language, we will find special ways to help them improve their deficits. It is our pleasure to have them here and we try our best to provide the best time possible.

Furthermore, we will inform you about everything and help you before you come here and even more when you are in Brazil. This provide more safety, because you don't have to worry about how to get to the host family from the airport or even where you will stay. We will send you all details before you come here.

Our school

Our school is located in the heart of Maceió, close to the beach and in the best area, Ponta Verde. The area is safe and has many shops and restaurants.

We offer all kind of different Portuguese courses. All students take a placement test upon arrival to determine their level of language proficiency. Students are then placed in the proper level. The following levels are offered: beginner, intermediate, advanced. Classes are held Monday

through Friday in the morning and afternoon.

Which course is the best for you depends on your motivation. If you want to learn Portuguese very well, we might advise you to take private lessons. However, if you just come to have fun and are already satisfied with a slower learning progress we might advise the small group of 3 - 6 students per class, they guarantees student-teacher interaction and involvement. All students receive a transcript (certificate) upon completing the course.

Accommodations

We offer different accommodations: in host families, private apartments, beach houses close to the city, or hotels.

We always recommend staying in host families. Having the opportunity to live with a Brazilian family will give you a totally different learning experience and will help improving your Portuguese a lot. They are all lovely families and very hospitably. They will provide a room with all meals included if you prefer, or just breakfast and dinner. All the houses of the families are in a safe and good neighborhoods, close to the school.

If you prefer more privacy, the other option would be a proper apartment. They are located in good, safe areas, close to the school and the beach. They provide all the necessary furnishings and some of them have internet access.

If you have special wishes or want to stay in a beach house outside the city or in a hotel, just send us an email and we will provide you with all the necessary information.

Internships

Do you want to get a whole new working experience? Why not improve your professional skills and combine it with learning Portuguese in Brazil? A person who has worked and lived in another country has not only gained new knowledge but has also shown courage.

Haven't found the right internship for you?

Let us search for you! Just tell us what kind of internship you are looking for and we will send you a personalized report on all the different projects and enterprises that you can join. This will include contact information, project descriptions, work conditions, durations, skills and experience required and so on.

However, if you don't speak fluent Portuguese yet, we strongly advise you to do a language course before you start your internship. It makes no sense to work here without being able to communicate.

Voluntary work

New culture experience while making a real difference in people's lives?

By volunteering in a social project in Brazil you will be more than just a tourist passing through; you will become a member of the community. Experience this fascinating, vibrant country from the inside while sharing your own talents and knowledge of American culture with young Brazilians.

You will come away with memories and new international friendships that will last a lifetime. You'll gain perspectives and insights into the local culture and yourself. It's an exciting and personally inspiring experience, and you'll develop memories that will be with you forever.

We need volunteers from different backgrounds and with different talents; you can work in areas such as in education, social work, environmental work, business, health care and a wide variety of other fields.

The contact to the social project is for free. We want to put an end to poverty. Also special ideas or suggestion are always welcome. We only charge for addition costs, such as housing, Language course, activities, etc.

If you don't speak fluent Portuguese, we strongly advise you to take an intensive Portuguese course here in Maceio. You have to realize that without speaking the language of the country, you are more of a burden than a help and it is hard to gain the trust the people.

Activities

We offer different weekly activities such as: Surfing and wakeboard lessons, boat trips, Capuera and Jiu-jitsu-classes, weekend trips, excursions, visits to sugar cane factories, bike and motorbike rental, soccer games, dance lessons, and much more.

We will make sure that each one of you will find an activity you like.

Maceió

Maceió is with 800 000 inhabitants the capital of the state of Alagoas. Alagoas is located in northeast Brazil and got his name because of the 22 lagoons (Portuguese: lagoas). Maceio has a warm and sunny climate year-around with three hundred days of sun and miles of wonderful beaches with crystal clear warm waters of the Atlantic Ocean.

Maceio is a safe and relaxed location as well as a modern city. Beside the most beautiful beaches and exotic untouched nature, you can visit shopping malls, theaters, restaurants, sport events, and disco clubs. Maceio also has a very friendly and social cultural life as well as good infrastructure.

This tropical jewel is the perfect place to study abroad with its year-round warm weather, many water sports, and proximity to cities like Recife and Salvador.
