TALENT HUB FOR SUPPLY CHAIN

Master of Engineering in Logistics and Supply Chain Management (ZLOG)

The Master of Engineering in Logistics and Supply Chain Management (ZLOG) is a partnership between the University of Zaragoza and the Center for Transportation and Logistics of the Massachusetts Institute of Technology (MIT) through the MIT Global SCALE Network.

It is a high-quality degree taught in a truly global setting which provides its graduates with proficiency in both problem solving and change leadership.

“Supply Chain Management is the art and science of getting products from where they're made to where you the consumer want them to be”.

Dr. Chris Caplice
Massachusetts Institute of Technology (MIT)
Executive Director of the Center for Transportation & Logistics

CLASS PROFILE

Class of 2021-2022

“ZLOG is a program that allows Supply Chain professionals, through carefully designed academic/practical activities and interaction with the best professionals worldwide, to improve skills and knowledge regardless of their current career stage. Enrolling the ZLOG is highly recommended for those who are looking to acquire global experience, become a professional leader anywhere in the world, experience Spanish hospitality, and make friends from over the world. My experience in the program has been excellent. It has been an opportunity to expand my horizons and launch a new stage in my career”.

Douglas Rodríguez, Guatemala
Senior Supply Chain Planner, Asofarma Centroamerica & Caribe

The Spanish experience

Spain is significantly cheaper than many other European countries. The people are warm and always ready to help in your wonderful journey ahead. Zaragoza, the 5th largest city in Spain, has all the conveniences of a big city without most of the drawbacks. The tapas experience is certainly unique! Within a 300km radius, you can be in Madrid, Barcelona, Valencia, or San Sebastián, as well as several low-cost flights to great European destinations.

INTERNATIONAL MASTERS ALUMNI

Our alumni are working in the following countries and Industries:

NGO

IT

Food

Finance

Academia

Beverage

Engine

Consulting

Pharma

Oil and Gas

Chemical

Shipping

Retail

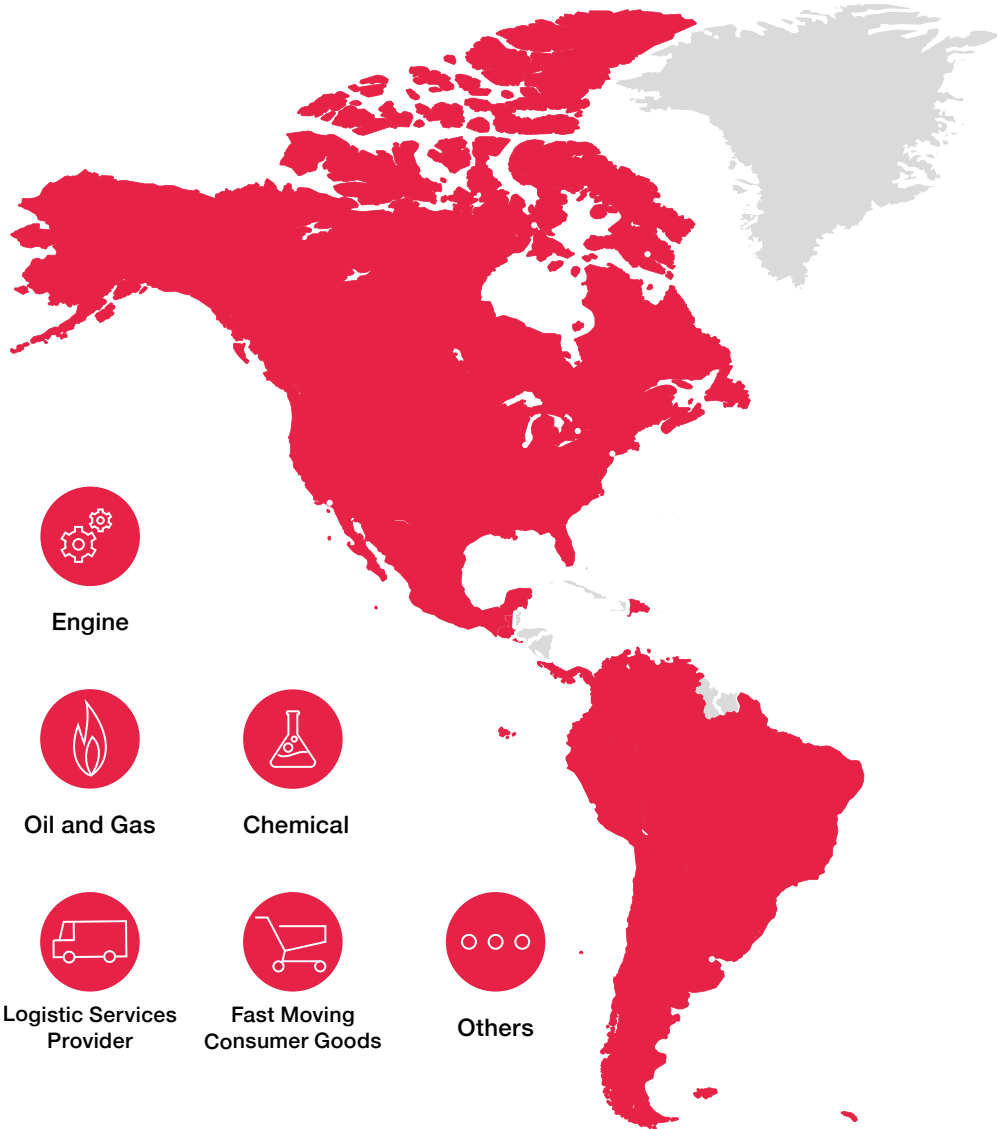

Logistic Services
Provider

Fast Moving
Consumer Goods

Others

“I had the opportunity of creating a new group of global supply planners at ROCHE. I would like to thank ZLC for offering the chance of hiring 5 supply chain planners from the ZLOG program. They have really helped us drive optimization through our supply chain”.

Cristina Castro
Hoffmann-La Roche, Switzerland

Global Manufacturing Unit- Head External Manufacturing Platform

Our alumni are working for companies such as:

“ZLOG was a fantastic platform for me as a fresh grad to gain international exposure and connect with many talented individuals from around the world”.

Virginia Falcón, Venezuela

Google UK

Head of Measurement and Analytics, Consumer Retail
